### About Me:

I am a dedicated UX/UI designer with 6 month of experience designing user-friendly digital experiences. I started in design because, I enjoy observing how people engage with technology, and now I focus on creating designs that are simple to use and have a long-lasting impact. I believe in creating with the user in mind. I appreciate collaborating with teams to translate complex concepts into simple, effective designs. I utilize Figma to bring ideas from concept to reality. I'm always looking to connect with folks who share my enthusiasm for design and user experience.
